

# Chassis Supply Efficiencies in U.S. Agricultural Exports

**Charles Wellins**

President and Chief Operating Officer, FlexiVan

AgTC 31<sup>st</sup> Annual Meeting, Tacoma, WA

June 13, 2019

**FLEXI VAN**<sup>®</sup>  
EXPERIENCE DELIVERED

# Chassis supply challenges in U.S. agricultural exports

## Current Environment

- Highly fluctuating cargo volumes
- Inland rail ramp challenges
- Port terminal congestion
- Shortage of motor carriers and reduced hours of service
- Uncertainty of tariffs

# Chassis supply solutions working today

## Collaborating with Shippers

- Identifying specific pain-points

## Opening Additional Chassis Pools

- Partnering with chassis providers
- Exploring inland waterway locations

## Utilizing Technology

- GPS is automating the supply chain
- REACH App for roadside assistance

# What can help exporters ?

## Managed Chassis Fleets

- Turnkey chassis leasing program
- FlexiVan manages all IEP and M&R responsibilities
- Guaranteed chassis available to cover peak season needs
- Alleviates port congestion
- Saves time
- Controls quality
- Reduces costs
